

WELD GLOVE BOX

The Ultimate Workshop Utility Welding Chamber

A welding chamber which offers engineers the tools for quality, productivity and performance at an affordable cost.

Features,

- ✓ Large work space with stainless steel work surface.
- ✓ Large transfer load-lock with automatic timed gas purge.
- ✓ Oxygen meter display in parts per million for assured gas quality welding.

A "MUST HAVE" WELDING CHAMBER FOR QUALITY WELDING

Weldlogic Europe Ltd

Blackstone Road, Huntingdon, Cambridgeshire, PE29 6EF, UK
t. 01480 437478 sales@weldlogic.co.uk www.weldlogic.co.uk

Key Features of the welding chamber

- Ready to operate workstation, just fit your weld system and hook up to gas and power.
- Attainable gas purity below 5ppm oxygen for bright nickel weld finish
- Fully automatic load-lock gas management control system
- Install on bench top for standing or low seated operation. Stands available.
- HMI provides simple interface to User and allows fully Automatic operation
- Custom versions available to suit any size component application
